Subpart—Container Regulation

§911.329 Florida lime container regulation.

(a)(1) No handler shall handle between the production area and any point outside thereof any variety of limes, grown in the production area, in individual bags having a capacity of more than four pounds net weight of limes.

(2) No handler shall handle between the production area and any point outside thereof any variety of limes, grown in the production area, in containers having a capacity of more than 4 pounds of limes unless such limes are handled in containers meeting the following specifications and conform to all other applicable requirements of this section:

(i) All limes shall be packed in containers of 5.5, 8, 10, 20, and 38 pounds designated net weights. The net weight of the contents shall not be less than the designated net weight. The net weight of limes shall not exceed the designated net weight by more than two pounds for 10 and 20 pound containers, and shall not exceed the designated net weight by more than four pounds for 38 pound containers. Further, the net weight shall not exceed the designated net weight by more than one pound for 8 pound containers, and this container shall be for export shipments only.

(ii) When a container of 38 pounds designated net weight is used as a master container for bagged limes, the minimum net weight of limes shall be 35 pounds, provided the container is marked "Master Container."

(iii) Such other types and sizes of containers as may be approved by the Florida Lime Administrative Committee, with the approval of the Secretary, for testing in connection with a research project conducted by or in cooperation with said committee; *Provided*, That the handling of each lot of limes in such test containers shall be subject to the prior approval, and under the supervision of, the Florida Lime Administrative Committee.

(3) The limitations set forth in paragraph (a)(2) of this section shall not apply to master containers of individual packages, including individual bags of limes: *Provided*, That the markings or labels, if any, on such packages do not conflict with the markings or labels on the master container.

(b) The terms *handler*, *handle*, *limes*, and *production area* when used in this section shall have the same meaning as when used in the amended marketing agreement and this part.

Subpart—Grade and Size Requirements

§911.344 Florida lime grade, size, and container regulation.

(a) No handler shall handle any variety of limes grown in the production area unless:

(1) Such limes of the group known as seeded or true limes (also known as Mexican, West Indian, and Key limes and by other synonyms) meet the requirements specified for U.S. No. 2 Grade limes in the U.S. Standards for Persian (Tahiti) Limes, except as to color: *Provided*, That such limes not meeting these requirements may be handled within the production area, if they meet the minimum juice content requirement of at least 42% by volume specified in the U.S. Standards for Persian (Tahiti) Limes, and if they are handled in containers other than those authorized in §911.329.
